Remote and in-person care options

Accessing care in the U.S.

Life is busy, and your needs can change day to day. That's why we provide ***care that fits you***—not the other way around.

Want to see a provider in person? ***No problem.***

You have access to the leading Blue Cross® and Blue Shield® network within the U.S., Puerto Rico and U.S. Virgin Islands. Providers are located across all areas including cities, suburbs and rural areas.

Prefer a remote visit? ***We've got you.***

With our telemedicine services, you can talk to a doctor any time—day or night. There's no limit to how often you can use it, and many of the doctors speak different languages. Just call or video chat for help with non-urgent health needs.

Here's how to start accessing the care you need.

Finding a provider

1. Go to the Member Portal on bcbsglobalsolutions.com or open the mobile app.
2. First select Provider Finder. Then select U.S. Provider Search.
3. Choose your provider. Then contact them using the information in their profile to schedule your appointment.

For most covered care, we pay the doctor or facility directly. In-network providers can check your plan details at the time of your visit. They'll confirm your benefits and arrange for direct payment. For outpatient (office-based) care, direct payment is offered at the provider's choice.

- You're free to see any doctor, but if you choose to see a doctor out-of-network, this typically results in a higher coinsurance and may result in additional costs to you. You will need to pay out of pocket and submit a claim for reimbursement.

Getting pre-certification

Pre-certification, sometimes referred to as pre-authorization, means checking ahead of time if a procedure, treatment or service will be covered by your plan. It also helps make sure you get the right care in the right place. This can help you avoid paying too much—or paying for care you don't need.

Most of the time, an in-network provider will handle pre-certification for you. If you go to a provider who's not in our network, you'll need to start the process yourself.

- Need more information about pre-certification? See the Certification Requirements and Pre-certification section in your Certificate of Coverage, which can be found on the Member Portal and mobile app.
- Need to request pre-certification? Contact us at 800 952 3404.

Dealing with a medical emergency

If you have a medical emergency, go to the nearest doctor or hospital right away. Once you're safe, call us using the number on the back of your ID card. We'll monitor your case closely to make sure you get the right care and that local resources are available for you.

Using telemedicine

With our telemedicine services, you can access care at a time and place that works for you. It's this easy:

1. Download our mobile app (via the Apple® App Store® or Google Play™ store).
2. Schedule a remote visit with one of our multilingual doctors for anyone in your family.
3. Providers are available around the clock for same-day appointments to address your non-emergency health needs.

Telemedicine puts high-quality medical care in the palm of your hand. And it's **free!**

- **Do it all online.** Submit an eClaim through our Member Portal or mobile app. You can easily find it on the quick links bar on the homepage.
- **Fill out our paper form.** Download the claim form from the Claims section of the Member Portal or mobile app. Print it, fill it out and take a photo of the completed form. Then upload your photo through the Member Portal or mobile app.

Insurance glossary

What we mean when we say...

Certificate of Coverage: It explains the benefit plan that covers you and your dependents. For example, it may describe your medical, dental and vision coverage. It lists the rules for your benefits.

Claim: A request for payment from your healthcare provider or you for care you received.

Coinsurance: The percentage of your healthcare costs that isn't paid by the health insurance plan. In other words, it's the percentage of the cost you're responsible for.

Coinsurance Maximum: The most you have to pay for coinsurance during the policy year for covered expenses. Some limits may apply.

Copay or Copayment: The set amount of money you pay at the time of service.

Coverage Period: The length of time your policy covers you.

Deductible: The amount you have to pay for care before your insurance begins to pay.

Direct Pay: The provider submits an invoice for payment directly to BCBS Global Solutions. This means you don't have to pay upfront. But you may still have to pay the deductible, coinsurance or copays. The health insurance contract defines what you'll have to pay.

Explanation of Benefits (EOB): An EOB is not a bill. It's a summary of how your claims were processed and what you may owe. Your healthcare provider may bill you directly for the remainder of what you owe.

Guarantee Letter: A legal document from BCBS Global Solutions that promises we'll pay your provider. It shows the benefits that apply. The guarantee is based on your coverage at the time of service. It's also called a Guarantee of Payment (GOP).

Inpatient: When a facility keeps you overnight or for more than 24 hours.

Medical Evacuation: This applies if you get sick or hurt outside your home country. Your insurance will pay to take you to the nearest facility that can provide proper care.

Network: Doctors, hospitals and other providers that work with your health insurance company. They sign contracts agreeing to discounted rates and/or to directly bill the insurer for services received by insured members.

Out-of-Network Provider: A provider who doesn't work with your health insurance company. Higher coinsurance usually applies. You may end up paying more than if you used an in-network provider.

Out-of-Pocket Maximum: The most you'll have to pay in a policy period before your health plan pays all covered costs. Most policy periods are one year.

Outpatient: When you get care at a facility but leave the same day or stay 24 hours or less.

Performing Provider: The licensed person or group that provided medical services to you.

Premium: The amount paid each month for your health insurance coverage. This is in exchange for the health insurance company paying a portion of your healthcare costs.

Prescription (Rx): A prescription is an instruction from a healthcare provider that tells you what medicine or treatment to take, how much to take and how often and how long to take it.

Primary Care Physician (PCP): A doctor you see for your routine and preventive health needs. You would go to your PCP first when you're sick, need a check-up or have questions about your health. PCPs also provide ongoing care for many kinds of medical conditions. But they don't provide care for specialized conditions.
